16 the functioning of the courts.

17 (2) CONSOLIDATION.—Not later than the date  
18 specified in subsection (f), the Director of the Ad-  
19 ministrative Office of the United States Courts, shall  
20 develop, deliver, operate, and sustain, consistent with  
21 the requirements of this Act, a centralized system  
22 with a separate public interface. In carrying out  
23 these responsibilities, the Director may consult with  
24 the Administrator of General Services.

1           (3) RULE OF CONSTRUCTION.—Nothing in this  
2 subsection may be construed to prohibit Federal  
3 courts that are not covered courts from adopting the  
4 code created for the system described under para-  
5 graph (2).

6           (b) REQUIREMENTS OF SYSTEM.—The system de-  
7 scribed under subsection (a) shall comply with the fol-  
8 lowing requirements:

9           (1) The system shall provide search, bulk ac-  
10 cess, and application programming interface func-  
11 tions for content and metadata. In carrying out  
12 these responsibilities, the Director may consult with  
13 the Administrator of General Services.

14           (2) The system shall make covered records  
15 automatically accessible, in accordance with the E-  
16 Government Act of 2002 (44 U.S.C. 3501 note), to  
17 the public upon filing, or in the case of previously  
18 sealed records, after unsealing.

19           (3) The home page for public access to the sys-  
20 tem shall include a notice displayed to first-time visi-  
21 tors, as determined through a mechanism that does  
22 not require registration or impose a fee, that users  
23 will not use the system for an unlawful purpose. Ac-  
24 cess to documents through other means, including

1 under paragraph (6), may not be conditioned upon  
2 acknowledging such notice.

3 (4) Any information published pursuant to  
4 paragraph (4), (5), or (6) of section 205(a) or sec-  
5 tion 205(c)(1) of the E-Government Act of 2002 (44  
6 U.S.C. 3501 note) shall be included in the system or  
7 linked to prominently.

8 (5) Any information published pursuant to any  
9 provision of section 205 of the E-Government Act of  
10 2002 (44 U.S.C. 3501 note) not described in para-  
11 graph (4) shall be accessible via links from the sys-  
12 tem. Each website established pursuant to that sec-  
13 tion shall contain a link to the system.

14 (6) Any website for the system shall substan-  
15 tially comply with the requirements under sub-  
16 sections (b) and (c) of section 205 of the E-Govern-  
17 ment Act of 2002 (44 U.S.C. 3501 note).

18 (7) The system shall enable external websites to  
19 be able to link to documents on the system via per-  
20 manent, predictable URLs. The system shall not un-  
21 duly restrict automated tools from accessing, index-  
22 ing, and archiving such documents.

23 (8) The system may enable courts to automati-  
24 cally generate and submit, in a computer-readable

1 format, the reports required by sections 2519(1) and  
2 3103a(d)(1) of title 18, United States Code.

3 (9) The system shall at all times comply with  
4 the Judiciary Information Security Framework.

5 (10) For bankruptcy notices provided in accord-

8 electronically.

9 (11) The system shall create a machine-read-  
10 able neutral citation for all orders, opinions, and de-  
11 cisions made available through the system. The cita-  
12 tions shall take the format of the year of the filing  
13 of the document, an abbreviated court name, and a  
14 serial number for the document.

15 (12) The system shall enable users to receive  
16 automatic notifications of new covered records in  
17 specific cases or cases that match particular search  
18 criteria, using industry-standard notification tech-  
19 nologies identified by the Director of the Adminis-  
20 trative Office of the United States Courts.

21 (13) Consistent with the best practices outlined  
22 in OMB Memorandum M-16-21 or a successor doc-  
23 ument, the Director of the Administrative Office of  
24 the United States Courts may enable other Federal,  
25 state and territorial, local and tribal government en-

1       tities, and nonprofit organizations supporting those  
2       entities, to access and reuse the code for the system.  
3       It should be taken into consideration that contracts  
4       related to the development of custom code acquire  
5       and enforce rights sufficient to enable reuse of that  
6       custom-developed code.

7       (c) DEVELOPMENT STANDARDS.—The system de-  
8       scribed under subsection (a) shall be developed with the  
9       following principles:

10           (1) User-centered design, including—

11                   (A) research with end users of the system  
12                   such as users within the judiciary, attorney and

14                   and the public; and

15                   (B) product development practices such as  
16                   formal and continuous feedback loops and a  
17                   publicly available backlog.

18           (2) Modern software development such as fre-  
19           quent deployments, short cycle times, and integrated  
20           development, security, and operations.

21           (3) Modern, flexible, and open-source software  
22           architecture focused on enabling future changes,  
23           data portability, software modularity and maintain-  
24           ability, and the use of application programming  
25           interfaces to enable public access to data.

1 (d) DATA STANDARDS.—

2 (1) ESTABLISHMENT OF DATA STANDARDS.—

3 The Director of the Administrative Office of the  
4 United States Courts shall establish data standards  
5 for the system established under subsection (a). In  
6 carrying out these responsibilities, the Director may  
7 consult with the Administrator of General Services  
8 and the Archivist of the United States.

9 (2) REQUIREMENTS.—The data standards es-  
10 tablished under paragraph (1) shall, to the extent  
11 reasonable and practicable—

12 (A) incorporate widely accepted common  
13 data elements;

14 (B) incorporate a widely accepted, non-  
15 proprietary, full text searchable, platform-inde-  
16 pendent computer-readable format; and

17 (C) be capable of being continually up-  
18 graded as necessary.

19 (3) DEADLINES.—Not later than 1 year after  
20 the date of enactment of this Act, the Director of  
21 the Administrative Office of the United States  
22 Courts shall issue guidance to all covered courts, as  
23 defined in subsection (a), on the data standards es-  
24 tablished under this subsection.

1 (e) USE OF TECHNOLOGY.—In carrying out the du-  
2 ties under subsection (a), the Director of the Administra-  
3 tive Office of the United States Courts shall use modern  
4 technology—

5 (1) to improve security, data accessibility, data  
6 quality, affordability, and performance; and

7 (2) to minimize the burden on pro se litigants.

8 (f) DATE SPECIFIED.—The date specified in this sub-  
9 section is the date that is 5 years after the date of enact-  
10 ment of this Act, unless the Director of the Administrative  
11 Office of the United States Courts certifies to Congress,  
12 by not later than 4 years after the date of enactment of  
13 this Act, that an additional period of time is required. If  
14 the Director so certifies, the date specified in this sub-  
15 section is the date that is 6 years after the date of enact-
